YOUR Choice - Solar Customer Options

With the Apple Valley Choice Energy NEM Program, you'll receive an energy credit for the power your system provides to the grid. At the close of each month, we'll tally the amount of grid energy you've consumed and contributed. If what you've contributed is more than what you've consumed, we'll issue a credit. If you've used more than you've contributed, you'll be billed. Each April, on the true-up date, the kilowatt usage is evaluated. If your energy production exceeds your energy consumption, a rebate is issued based on \$.06 per kWh. If we owe you more than \$100 we'll issue you a check. Otherwise, the credit balance will roll over to next year.

As of September 1, 2024, all new solar customers will be enrolled in AVCE's new Solar Billing Plan, which mirrors SCE's Solar Billing Plan (aka New Billing Tariff). To learn more about how SCE's Solar Billing Plan works, visit SCE's website at <https://www.sce.com/ar/node/153040>
